

# 3M 3504450

## Details

- Rugged and extremely lightweight thermoplastic housing
- Semi-sealed design
- 50 ft. (15.2m) galvanized steel cable lifeline
- Stainless steel dynamic components
- Internal energy absorption system
- Anti-ratcheting twin disk brake system
- Constant moving brake system pawls
- Swiveling anchorage point
- Swiveling snap hook with impact indicator
- Reserve lifeline system
- Ergonomic cable handle equipped with i-Safe™

50 ft. (15.2m) of 3/16" (5mm) galvanized steel wire rope with swivel snap hook.

Ultra-Lok™ self retracting lifelines (SRL's) are rugged, yet extremely lightweight and superbly engineered devices you can count on for safety, efficiency and comfort. Stainless steel components, an anti-ratcheting brake system and a semi-sealed design provide the user with a system built to last. Our SRLs are backed by decades of proven field service for absolute confidence, safety and reliability. An SRL's lifeline will extend as the user moves away, and retract automatically enabling the user to move about within a recommended working area at normal speeds. Should a fall occur, a speed sensing brake system will activate stopping the fall and reducing the forces imposed on the user to safe levels.

## Specifications

Brand	Ultra-Lok™
Case Quantity	1
Dimensions	11.60x7.90x3.40in
Housing Material	Urethane Thermoplastic
Housing Type	Thermoplastic
iSafe Equipped	Yes
Length	50 Feet
Lifeline Hook Material	Zinc Plated Steel
Lifeline Material	Galvanized Cable
Mounting Type	Block to Anchor Point
Product Series	Ultra-Lok™
Product Type	Self Retracting Lifeline - Cable
Recommended Industry	Construction, General Industrial, Transportation, Utilities, Wind Energy
Standards/Approvals	ANSI A10.32, ANSI Z359.1, ANSI Z359.14, OSHA 1910.66, OSHA 1926.502
Weight	15 lb.
Weight Capacity	310 lbs. (141 kg)
