GLOVE SIZING

To determine a glove size, measure (in inches) around the hand with a tape measure across the palm. For best results, measure the dominant hand, the right for a right-handed person, and the left if the person is left-handed.

Compare the measurement to the table below to find the corresponding glove size.

Size	XS	S	M	L	XL	2XL	3XL
Men's	6" - 7"	7" - 8"	8" - 9"	9" - 10"	10" - 11"	11" - 12"	12" - 13"
Women's	6" - 7¼"	7¼" - 7½"	7½" - 7¾"	7¾" - 8"	8" - 8¼"	-	-

(To accommodate extra-long fingers and/or fingernails, please consider choosing one size up)
